## CHORUS

I trust, I trust in You for

You will never fail, You will never fail.

## VERSE 1

When the darkness overshadows and hope seems to fade away

Still I will praise Your name, for God You never fail

## VERSE 2

When the world's burdens suffocate me

And my heart begins to sway

You don't loosen your grip on me

And God You never fail

## BRIDGE

So, guide me through the desert, Lord lead me through the storm

I long for Your presence, for You're more than enough

I have this assurance my hope unshakeable

Is only found in Jesus and Lord You never fail.
